## IMPECCABLE QUALITY AND DESIGN INNOVATION

As one of the world's leading manufacturers of stainless steel, our products reflect the ability to combine cutting edge technology with superior craftsmanship. Our stainless sinks feature a Satin Polished finish which is a result of our excellence in German design, quality and craftsmanship. This signature finish is the result of an extensive polishing process that creates an extremely consistent and luxurious appearance which is also smooth, hygienic, and extremely easy-to-clean. The difference is in every detail.

### Superior Quality

- BLANCO premium sinks are made from superior quality 304 series stainless steel
- Exceptional luster, durability and protection from corrosion
- For ultimate hardness and strength
- Most models are 18 gauge stainless steel, thicker and stronger than 20 gauge

### Easy Care

- Stainless steel is impervious to water stains and calcium deposits
- Easy to maintain
- It does not rust and is nonporous
- Stain and acid resistant
- All BLANCO sinks carry a limited lifetime warranty

### Deep, Spacious Bowls

- Tight radius corners and extra deep bowls
- Accommodate large pots and pans
- Rearpositioned drain holes in the sink
- More usable bowl space as well as more space in the cabinet below for storage

# UNDERMOUNT STAINLESS STEEL SINKS

An elegant method of installation where the bowls are seamlessly mounted under the countertop. Immerse yourself in the simplicity, style and sophistication of our versatile single bowls. All stainless steel sinks are made of premium quality 304 series.

# SILGRANIT® II

## SINKS

Inspiration is everywhere. From the food we eat to the clothes we wear... even the beauty we see in nature every day. And because we can't resist being drawn to these stunning sights, we become inspired by them. That's why we've infused the magnificence of these intriguing elements into our colorful collection of SILGRANIT® II sinks.

And while our inspiration is fueled by color, it's also influenced by the way we live. Each SILGRANIT® II sink stands up to the toughest conditions, with a hard-as-stone surface that defies everything from scratches and stains to heat and fading. With so many colors to choose from, you may find your biggest challenge to be selecting just one.

# SILGRANIT® II

## SINKS

SILGRANIT® II, crafted of 80% natural granite, features the look and feel of natural stone and resists scratches, stains, chips and heat. Colored all the way through, SILGRANIT® II won't fade in direct sunlight and is impervious to household acids and alkalis.

And its advanced surface technology ensures that it is non-porous, easy-to-clean and extremely hygienic. SILGRANIT® II is designed to stand up to the toughest challenges.

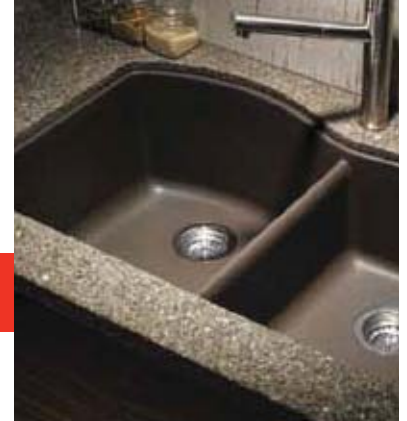

ANTHRACITE

BISCUIT

CAFÉ BROWN

- Will not scratch
- Withstands temperatures of up to 536°F
- Can't burn, scorch or mark the surface
- SILGRANIT® II sinks are colored throughout and are non-fading
- Color is consistent from sink to sink
- Brilliant and easy-care
- Will not absorb odors or bacteria

Easy to Clean

Acid Resistant

Heat Resistant

Scratch Resistant

Stain Resistant
